

The Innovator in Pressure Seal Technology

Features

- Patented Pressure Seal Technology
- Bottom Feed System
- Conveyor Output
- True Doubles Detection
- Manual & Batch Mode Counter
- Stainless Steel Rolls
- Jog Reverse
- Variable Sheet Size
- Dynamic Braking for Jam Prevention

Benefits

- Secure Document Processing
- Reduce Costly Reruns
- Improved Productivity
- Simplicity of Design
- Easy to Learn & Operate
- Compact & Durable without Compromising Throughput

The *Infinity Solutions Pressure Seal System* is a integrated folder/sealer that also incorporates a bottom feed technology providing for continuous throughput increasing your organizations productivity, while reducing operational costs. The integrated conveyor output system helps move your forms in a seamless paper stream, while maintaining the processing order.

The *Infinity Solutions Pressure Seal System* provides for a quieter operating unit with a tighter seal to protect the integrity of your document processing.

The *Infinity Solutions Pressure Seal System* offers a variety of fold patterns including custom folds, and can process forms up to 14" in length. It's adjustment free settings allow for on the fly paper thickness changes without compromising document sealing or security.

Bri-Lin has designed the *Infinity Solutions Pressure Seal System* with convenient and easy to use controls. The user friendly touch screen interface allows the operator the convenience of selecting set-ups and features such as, manual or batch count and True Doubles Detection.

The unique extended hinged conveyor allows for easy storage, making this space saving unit user friendly in any organization.

The *Infinity Solutions Pressure Seal System* is completely manufactured in the United States and its durability is unmatched in the industry.

The *Infinity Solutions Pressure Seal System* was designed for ease of use out the box enabling your company to begin seeing an immediate return on investment.

For additional information about the *Infinity Solutions* product line, contact a licensed *Bri-Lin* reseller in you area or call (603) 332-1323 for a *Bri-Lin* representative.
