We actively invest in our people—this position offers clear paths for upward mobility and professional growth within the company.

Key Qualifications would include:

- Identify parts using inventory software, computer literacy and database navigation.
- Excellent verbal communication and customer service skills.
- Process sales transactions and fulfill parts orders quickly.
- Ability to lift up to 50 lbs.
- Receive stock, unpack shipments and organize warehouse shelves.
- Maintain inventory accuracy through regular cycle counts.
- Quick Learner – Problem Solver- Self-Starter-Detail Oriented
- Dependable, ambitious, energetic, and enthusiastic.
- Strong written and verbal communication skills are essential.
- Able to follow directions.
- High School diploma or equivalent.

We offer career growth with a work-life balance on this part-time position.

The work schedule will be Monday to Friday, Flexible Schedule 5-6 hours per day.

Our compensation is competitive hourly pay.

Our work environment is clean, professional, and safe.
