

ALL-IN-ONE SHIPPING SOLUTION

2SS[®] TWO-SIDED SHIPPING LABEL

STREAMLINE YOUR SHIPPING LABEL AND PACKING SLIP PROCESS

Huge labor savings for those requiring packing lists on the outside of cartons!

- Ideal for customers who ship many orders with single cartons
- Available in thermal or laser

MARKETS

- E-Commerce
- Distribution centers
- Mail order houses
- Retail
- 3PL/logistic companies

APPLICATIONS

- Shipping label/packing list
- Shipping label/return label
- Shipping label/marketing piece

FEATURES

- The Shipping label and packing list are combined into one efficient label solution.

BENEFITS

- 100% print match on shipping label packing list
- Savings on labor and consumables
- With just one pass through a duplex printer, the shipping label will be printed on the label face while the liner becomes the packing list
- Stock options available
- Customizable

INSTRUCTIONS

- 1 Use a duplex printer to generate information
- 2 After items are picked and packed, apply 2SS[®] to carton
- 3 Addressee should follow instructions on the label to remove packing list:
 - a Tear perforations from left to right designed for duplex printer.
 - b Tear center section along two vertical perforations near outer edges
 - c Tear across top perforation to remove center section. The confidential packing list on the backside is now revealed
