Production Member

Position Summary: Ward-Kraft is seeking a person who is highly motivated, energetic, and who is career focused to work on our production teams. This position is responsible for operating production machinery, producing superior quality products, and performing routine machine maintenance. This position is also responsible for maintaining quality standards, facilitating turn times and achieving top production goals.

Key Qualifications would include:

- Good mechanical ability
- Superior trouble shooting skills
- Quick learner-Problem solver
- Self-starter
- Detail Oriented
- Basic math skills needed (decimals, fractions, addition, subtraction, measurements)
- Ability to work in a fast paced environment
- Dependable, ambitious, energetic, and enthusiastic
- Strong written and verbal communication skills are essential
- Printing knowledge is a plus but will train the right candidate

Schedule and Compensation:

- Three rotating shifts – every four weeks (shift premium is paid for “off-shift” workers)
- Possible Saturday overtime
- Six month performance reviews (90 day probation period)

Benefits:

- 401(k)
- Dental insurance
- Health insurance
- Life insurance
- Referral program
- Vision insurance
